# SAFETY IS OUR #1 VALUE

## GLOBAL LEADER IN STEELMAKING SUSTAINABILITY

### DIRECT GREENHOUSE GAS EMISSIONS

Average tons of CO<sub>2</sub> emitted for every ton of steel produced

Nucor's GHG savings vs. global average is the equivalent of replacing **4 MILLION** gas-powered cars with electric vehicles each year

### ENERGY INTENSITY

Average gigajoule per metric ton of crude steel produced

**3.8 MILLION**

Number of US Households that could be powered for a year with the amount of energy Nucor saves annually

## CONTRIBUTING TO THE ARKANSAS ECONOMY

For more than three decades, Nucor has been a vital contributor to the Arkansas economy. Nucor generates over \$71.4 million to the State of Arkansas in annual payroll and taxes to local government taxing entities such as cities, counties, and school districts.

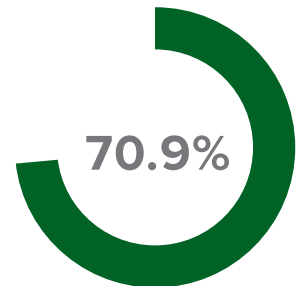

Under Nucor's incentive-pay system, all employees in the company have some of their total compensation connected to company performance. Over the last 3 years, the median pay for all Nucor teammates nationwide (not including the CEO) has averaged nearly **\$95,000**.

## WATER USAGE

Nucor uses **98% LESS** water than an average steel mill

## RECYCLED CONTENT

The recycled content of Nucor's steel nationwide

## COMMITMENT TO EDUCATION

Every Nucor teammate and their dependents are eligible to receive a \$3,500-per-year scholarship to college or vocational school. More than **\$100 million** has been awarded nationwide since 1974.

## AMERICA'S LARGEST STEEL & STEEL PRODUCTS PRODUCER
